**LETTER**

Dear Sir:

In the February 22, 2007 office action mailed in the above-captioned application, the Examiner cited "The Authoritative Dictionary of IEEE Standard Terms, 2000, IEEE Press, pp. 1234". We have noted that an extraneous page (a signature page) relating to Application Serial No. 11/214,080 was attached as the last page of the IEEE citation. A copy of the extraneous signature page is attached. The above-captioned application is not in any way related to application Serial No. 11/214,080, with which neither the undersigned nor Cantor Colburn LLP has any connection whatsoever. A check of Private PAIR reveals that the extraneous page is, however, part of the electronic record for the above-captioned application. Please remove the extraneous page from the record.

Respectfully submitted,

CANTOR COLBURN LLP
